

A survey carried out by independent audits firms with each of CitrusBR members, and subsequently consolidated confidentially by an external audit, found that the global inventories of Brazilian orange juice, converted into FCOJ Equivalent, held by CitrusBR members on December 31st, 2023 were 463,940.92 tons. Although representing an increase of 6.7% in comparison to the 434,943 tonnes from the previous season, this number is the second lowest figure in the historical series. The disclosure of final processing data and industrial yield on fruit will be done by CitrusBR later in 2024.
